Organizers shall require that all participants and volunteers sign the USAC Assumption of Risk, Release of Liability, Covenant Not to Sue and Indemnity Agreement (“Waiver”). The Waiver may be signed electronically by participants and volunteers if the Organizer uses a USA Cycling approved registration platform. A paper Waiver must be physically signed by participants and volunteers if the Organizer uses an unapproved registration platform. Organizers shall not modify the Waiver in any way without prior express written permission from USAC. Organizers shall maintain all paper Waivers in a secure location, whether physically or in digitized format, for at least ten years. All participants, except for USAC sanctioned Fun Rides/Tours, Gravel Rides and Gran Fondos, must have an annual or one-day license.

EXCESS LIABILITY INSURANCE

Organizers may add an excess liability policy that provides the same coverages as the commercial general liability insurance but with an **additional \$3,000,000 per occurrence and \$3,000,000 aggregate** of liability coverage. Pricing depends on the number of participant days and/or number of spectators for the event.

NON-OWNED/HIRED AUTOMOBILE & MOTORCYCLE LIABILITY INSURANCE

USAC provides automobile and motorcycle liability insurance for events that use automobiles and/or motorcycles. This insurance provides \$2,000,000 of liability coverage for non-owned and/or hired automobiles and motorcycles that are used at an event during the race. Each vehicle or moto must be separately scheduled and paid for.

The non-owned/hired insurance is **liability coverage only**. It **does not** cover property damage to the vehicle or motorcycle. Per policy contract wording, none of the following are included as an insured under the Hired and Nonowned Auto Liability extension: "The owner or lessee (of whom you are a sublessee) of a "hired auto" or the owner of a "non-owned auto" or any agent or "employee" of any such owner or lessee".

The non-owned/hired insurance is **excess**. This means the vehicles and motorcycles **must have primary coverage, and the primary coverage pays first**. It is recommended that the primary coverage has liability limits of \$500,000 or greater. The non-owned/hired insurance only covers vehicles driven by officials and marshals **during the race, on the race course** (i.e. as a pace or follow vehicle). This optional insurance provides coverage for the owner of the vehicle so long the owner is driving the vehicle as an official or marshal during the race and has primary liability insurance on the vehicle. Automobiles may carry a maximum of 8 persons.

If this insurance not elected and an automobile or motorcycle is used in the event that is not listed on the application, then the automobile and/or motorcycle will not have insurance coverage through USAC's insurance program.

Applications to add the Non-owned/Hired Automobile and Non-owned/Hired Motorcycle Coverage can be found on the USAC website and are included with permit packets that are distributed by USAC. **No refunds will be issued unless the application is declined because of an unfavorable motor vehicle search and review of driving records.**
